Sand Viper™ Modular Drop Tee

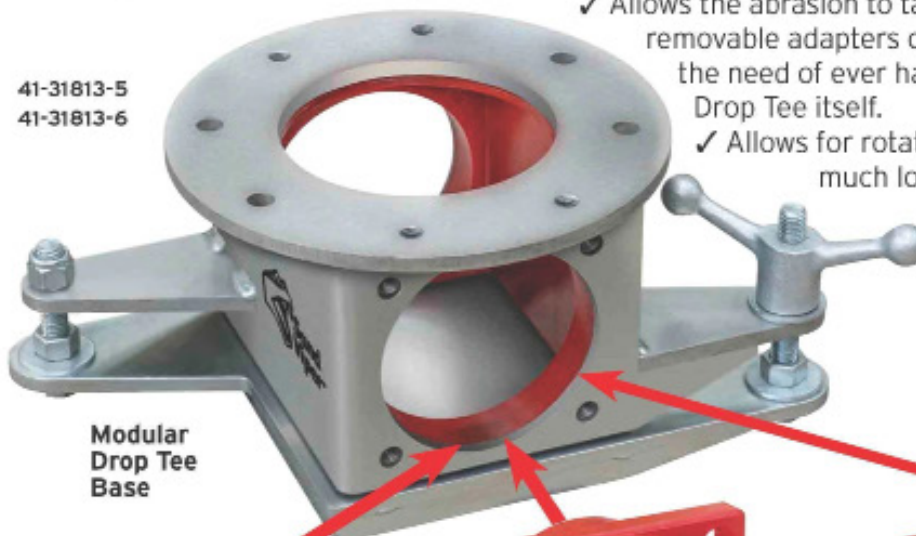

- Are you tired of the cost of replacing your Drop Tee too frequently?
- Initial Field tests on The Urethane Lined Sand Viper™ Hopper Tee showed virtually "No Wear", even after six months and counting of using the most abrasive sand applications.
- This design uses Bailey-Parks Urethane's exclusive high wear resistant polyurethane.
- Utilizing the urethane wear adapters on the Sand Viper™ Modular Drop Tee:

✓ Allows the abrasion to take place in the removable adapters only, thereby eliminating the need of ever having to replace the Drop Tee itself.

✓ Allows for rotating the adapters for a much longer wear life.

✓ Allows for a variation of connectors - Male Threads, Female Threads or Victaulic connections.

41-31813-5
 41-31813-6

Modular Drop Tee Base

4" Threaded Male Wear Adapter
 41-31812-M

4" Threaded Female Wear Adapter
 41-31812-F
